

Kappa Chapter News

Greetings, Kappa Chapter Members and other DKG Chapters:

It's been a busy year so far, with enjoyable meetings in both the fall and winter. Our main project focus is The Moses Project, which supports children in foster care by providing essential items. This project will continue to gather donations for this important cause.

Our Memorial Scholarship honors Pat Pearce, a remarkable educator and a member of the Kappa chapter for over 50 years. We were grateful for the opportunity to present her with the 50-year pin this year. Betsy will continue to accept donations for both of our chapter scholarships, so please send checks to her at Spring Creek High School.

In February, we were excited to present the Rose Award to Brandi Davis, a CTE teacher at Spring Creek Middle School. When we think of dedication to the teaching profession, Brandi is the perfect example. The state of Nevada and the Elko County School District are fortunate to have her as part of the educational community. Her commitment to supporting student growth and success is evident in the mentorship and academic assistance she provides to students and colleagues alike across multiple grade levels. Brandi moved to Elko County in 2014 and began her impactful work at Spring Creek Middle School.

Outside of her classroom duties, Brandi goes above and beyond by coaching various sports, even those outside her initial expertise. Her willingness to step in and coach whenever students are eager to participate, shows her selflessness and dedication to their overall development. She is also the advisor for several student activities and is always ready to help anyone in need within the school community. In addition to her many roles, Brandi teaches career and technology courses and actively participates in various extracurricular activities, further showcasing her devotion to shaping well-rounded students.

Our next meeting will be on May 5th; the location will be announced later. We look forward to seeing all of you then.
